- **Weekly Supplemental Statements**

Public Act 11-48 created a new weekly filing requirement for races in which there is at least one participating candidate. These weekly filings replace the 90% supplemental statements required in 2008 and 2010 for such races.

Under the new law, for races where there is at least one participating candidate, there are now weekly supplemental statements due on Thursdays leading up to the primary (if applicable) and due on Thursdays leading up to the general election as is described in more detail below.

Primary

If you are in a primary race with at least one participating candidate, the committee's first Weekly Supplemental Statement is due the **second Thursday following the July 10th statement**. An additional Weekly Supplemental Statement will be due each subsequent Thursday until the date of the primary. This means the final Weekly Supplemental Statement will be due the Thursday prior to the primary. A committee responsible for filing these weekly supplemental statements is **not** required to file the 7th Day Preceding Primary statement.

General Election

If you are in a general election race with at least one participating candidate, the committee's first Weekly Supplemental Statement is due the **second Thursday following the October 10th statement**. An additional Weekly Supplemental Statement will be due each subsequent Thursday until the date of the election. This means the final Weekly Supplemental Statement will be due the Thursday prior to the election. A committee responsible for filing these weekly supplemental statements is **not** required to file the 7th Day Preceding Election statement.

In Section 9 of the SEEC Form 30 Cover Page, the campaign treasurer should check the box for "Weekly Supplemental Statement" and check the corresponding box for "Election" or "Primary," whichever is applicable.

The period covered in each Weekly Supplemental Statement must include the financial activity of the candidate committee beginning the first day not covered in the last disclosure statement filed by the treasurer, and ending as of 11:59 pm two days before it is submitted to the SEEC.

In Section C2, report monetary receipts from other committees during this period that are **NOT** contributions. These are generally reimbursements from other committees for shared expenses. If applicable, report the surplus distribution from the candidate's terminating exploratory committee in this section. *** Please Note:** Monies received from an ongoing committee that is terminating are considered contributions and must be reported in Section C1 "Contributions from Other Committees."

Examples of shared expenses include: A candidate committee's reimbursement of another candidate committee for its *pro rata* share of the expense associated with operating a joint headquarters or purchasing a joint advertisement.

Candidates who intend to PARTICIPATE in the CEP – There are specific rules relating to reimbursements and payments for candidates who intend to participate in the CEP. *Refer to the Commission's website www.ct.gov/seec for more information.*

D. Loans Received this Period

In Section D, report separately each loan received during this period. Proper documentation and recordkeeping is critical when receiving loans from any source. All loans should be documented, whether formally or informally, in a manner that expresses the terms of the loan (i.e. loan term, interest, payment amounts, etc.).

Candidates who intend to PARTICIPATE in the CEP – A candidate committee may borrow up to an aggregate of \$1,000 **only** from financial institutions. Further, the loan amount is not considered a qualifying contribution. An individual, political committee or party committee may only co-sign or guarantee a loan to the maximum amount of \$500. **All** loans must be repaid **in full** by the time the candidate committee applies for a grant from the Citizens' Election Fund.

Candidates who do NOT intend to participate in the CEP – A loan from an individual or another committee is considered a contribution until the loan is repaid and the amount of the loan must be within the permissible limits for the contributor. A loan from a bank is **NOT** a contribution, provided it is made in the ordinary course of business. A non-participating candidate's loan to his/her *candidate committee* is also **NOT** a contribution and may be unlimited in amount; however, a candidate's loan to his/her *exploratory committee* **IS** subject to the same contribution limits as any other individual who loans money to the committee.

Additionally, if a candidate forgives a loan which was made to his or her own candidate committee, the proper reconciliation must be made as follows:

1. On **Line 26d** of the Summary Page Totals, reflect the amount of outstanding loans once the candidate has forgiven their portion; if the candidate is the only lender to the committee, this balance would be zero.
2. In **Section O**, "Campaign Expenses Paid by Candidate" report the candidate's name as payee and the amount which is going to be forgiven and the date the loan was forgiven as the date of payment. Also enter in the description field "loan forgiven" and the date the original loan was made.

E. Personal Funds of the Candidate Received this Period — *Candidate Committees Only*

In Section E, report a candidate's donation of his or her personal funds into the committee's account **without** the expectation of repayment. The donation of funds with the expectation of repayment is a loan from the candidate and must be reported in **Section D** "Loans Received this Period."

Candidates who intend to PARTICIPATE in the CEP – The amount that a candidate may donate to his or her committee is limited by the office which he or she is seeking (a candidate for Governor may only provide personal funds not to exceed \$20,000; for Lieutenant Governor, Attorney General, State Comptroller, State Treasurer, or Secretary of State not to exceed \$10,000; for State Senator not to exceed \$2,000; for State Representative not to exceed \$1,000). Candidates who do NOT intend to participate in the CEP – A non-participating candidate may donate an unlimited amount of funds to his or her *candidate committee* and it is **NOT** a contribution; however, funds given to a candidate's *exploratory committee* **ARE** contributions and are subject to the same contribution limits as any other individual and are reported in Section B.

In addition, candidates may not spend the interest earned on grants received. All interest earned on the committee's checking account must be remitted to the Citizens' Election Fund prior to the termination of the committee. PART II. EVENT ACTIVITY

Part II requires the treasurer to disclose information concerning the types of events conducted by the committee to raise funds or to promote the candidate committee.

J1. Event Information

In Section J1, assign a unique event number in the box marked “Event #” for each event by entering the date in which the event was held (mmddyy) together with a letter, in alphabetical order (A through Z), at the end of the date reported, to identify the order in which the events were held. If there is only one event held on a single day, the letter assigned will be “A.”

EXAMPLE: If two events were held on the same day, March 8, 2014, the following would be reported on the form:

1st fundraiser Event # 030814A

2nd fundraiser Event # 030814B

The purpose of assigning this unique number is to link the committee’s receipts and expenditures associated with this particular event.

Event #: Record the unique “Event Number” for the specific event using the format described above.

Description: Provide a brief description of the event.

Was this a fundraising event?: Check the appropriate *Yes* or *No* box to indicate whether or not the event was a fundraiser.

Street Address, City, State, and Zip Code: Enter the address of the venue where the event was held.

Was this event hosted at a personal residence?: Check the appropriate *Yes* or *No* box. If the event was held at an individual’s personal residence, check the *Yes* box, and proceed to Section J4 to complete the itemization required for any “In-Kind Donations Not Considered Contributions Associated with a House Party.” *See Section J4 for detailed instructions.*

If this event was a fundraiser, **did this fundraiser include items donated by a business entity of up to \$200 or items donated by an individual of up to \$100?:** Check the appropriate *Yes* or *No* box. If the fundraiser includes goods or services donated by a business entity with a value of up to \$200, or items donated by an individual with a value of up to \$100, check the *Yes* box, and proceed to Section J3 to complete the itemization required for “In-Kind Donations not Considered Contributions.” *See Section J3 for detailed instructions.*

Subpart 1: If this event was a fundraiser, **was this fundraiser a tag sale, auction or other sale of donated items with purchases from an individual of up to \$100?:** Check the appropriate *Yes* or *No* box. If the event was a tag sale, auction, or other sale of donated items, check the *Yes* box, and enter the total receipts from the sale of donated items. The receipts are NOT contributions provided the total purchase of all items by one individual **does not exceed \$100 per event.** However, if an individual purchases an aggregate amount at a particular event in excess of \$100, *the entire amount is a contribution* and is reported as a contribution in **Section B.** **Please Note:** *These receipts are no longer required to be itemized—See Public Act 11-48.*

EXAMPLE: John Doe purchases an MP3 player at the tag sale for \$40. This transaction is reported in Section J1. If however, John Doe also purchases a table for \$65 at the same tag sale, his aggregate purchases are now \$105 and the entire amount (\$105) is reported in Section B as an itemized contribution along with a reference to the event number assigned in Section J1.

Candidates who intend to PARTICIPATE in the CEP – All such purchases are not qualifying contributions for purposes of eligibility to participate in the CEP and either must be refunded to the purchasers or remitted to the Citizens’ Election Fund in order to qualify for the public grant.

SUBTOTAL Section J1—Subpart 1 Total Receipts from Sale of Donated Items – This Page: Add together the total receipts from small purchases in Section J1, Subpart 1 for each event reported on page 7 and record the total.

J3. In-Kind Donations not Considered Contributions

In Section J3, report the donation of items to a committee in connection with a fundraising affair that are NOT contributions.

These items include: Personal property with a value up to **\$100** donated by an individual for a fundraiser and goods or services donated by a business entity with a value up to **\$200** for a fundraiser (*the business must be in the business of selling those items, i.e. a package store can donate a bottle of wine*).

Candidates who intend to PARTICIPATE in the CEP – These donations are **NOT** counted as qualifying contributions for grant eligibility purposes. Any In-Kind Donations for sale at an event must be **repaid at fair market value** and reported as an expenditure in Section N before the candidate applies for a public grant.

Name of Donor, Street Address, City, State, and Zip Code: Enter the donor's name and residential address. The treasurer may enter an alternate address in lieu of an individual's residential address *only* if the contributor has made known to the treasurer that the contributor is in the Address Confidentiality Program pursuant to General Statutes § 54-240(a) or has protected address status under General Statutes § 1-217. *Business Addresses or Post Office Boxes are not acceptable for residential street address.*

In Section J4, report the donation of items to a committee by the **host(s) of a house party** held at a personal residence. This event may either be a fundraising affair or a non-fundraiser (meet and greet).

These items include: The cost of invitations, food or beverages voluntarily provided to a candidate committee by an individual hosting an event at the individual's residence or community room at the residence, provided the cumulative value is not in excess of **\$400** with respect to any single event (or \$800 with respect to an event hosted by two or more individuals at a host's residence). Note that, an individual is limited to \$800 in cumulative value of total expenses per election cycle in the case of multiple parties held for the same candidate committee.

While the host(s) must generally pay for all costs associated with the event in order to make use of the house party exemption, a candidate or committee may pay for a portion or all of the costs of the invitation for the event. Such invitation costs paid for by the committee do NOT count against the \$400/\$800 aggregate limits.

If the event is NOT a fundraising affair, attendees of the event are allowed to bring food or beverages to the event without these donations being considered a contribution so long as they do not exceed **\$50** in value. *Treasurers must no longer itemize the receipt of such food and beverage provided for a non-fundraiser as long as the aggregate value of the food and beverage does not exceed \$50.*

Candidates who intend to PARTICIPATE in the CEP – These donations are **NOT** counted as qualifying contributions for grant eligibility purposes and must fall within the specified limits in order to avoid an impermissible In-Kind Contribution.

Candidates who do NOT intend to PARTICIPATE in the CEP – These donations must fall within the specified limits in order for them not to count against an individual's contribution limit. If the donations exceed the house party exception limits, the **entire amount** is considered an In-Kind Contribution and reported in **Section K** "In-Kind Contributions."

Name of Host, Street Address, City, State, and Zip Code: Enter the host's name and residential address. The treasurer may enter an alternate address in lieu of an individual's residential address *only* if the contributor has made known to the treasurer that the contributor is in the Address Confidentiality Program pursuant to General Statutes § 54-240(a) or has protected address status under General Statutes § 1-217. *Business Addresses or Post Office Boxes are not acceptable for residential street address.*

Organization Expenditures are not considered In-Kind Contributions and may be reported in **Section M** of this form.

The contribution limits and restrictions which apply to a particular contributor apply to the combination of monetary *and* non-monetary contributions. Monetary and In-Kind Contributions made by the same contributor must be *aggregated* together to determine if the contribution limit has been exceeded.

EXAMPLE: John Doe's contribution limit to an Exploratory Committee for State Representative is \$250. If John Doe contributes \$200 worth of stationery to the committee (an In-Kind Contribution), he may only make an additional \$50 contribution to the committee during the election cycle, whether in the form of a monetary contribution or a contribution In-Kind, or any combination thereof.

Candidates who intend to PARTICIPATE in the CEP – These contributions will **NOT** be counted as qualifying contributions for eligibility purposes. If the expenditure is made in cooperation or consultation with another candidate, the expenditure is considered "coordinated." An unreimbursed "**coordinated expenditure**" is a prohibited In-Kind Contribution to the recipient committee, and must be reported as such by the recipient committee. If the committee making the coordinated expenditure is seeking reimbursement for that expense, then check that particular box. Reimbursement from the benefiting committee must be received within a reasonable time in order to avoid making a prohibited In-Kind Contribution. *The Commission has said 45 days is reasonable.*

Expenditure #: *To be completed only when the expenditure is coordinated with another candidate for which reimbursement is sought.* Assign a unique Expenditure #, beginning with the number 0001 and continue sequentially. The purpose of assigning this unique number is to link the committee's expenditure with their itemization in Section N Addendum (*see instructions below*).

Each candidate must submit to the campaign treasurer an accounting of any campaign expense paid directly from their personal funds by the close of the reporting period during which these payments were made. Any expense, irrespective of amount, for which the candidate seeks reimbursement must be reported.

Report the committee check used to actually reimburse the candidate in Section N “Expenses Paid by Committee.”

**Please Note:* A candidate who is making expenditures on behalf of an exploratory committee is required to be reimbursed by that committee or these expenses are considered contributions and must be within the applicable aggregate limits for an individual contributing to an exploratory committee. See the Commission's website www.ct.gov/seec for contribution limits.

Candidates who intend to PARTICIPATE in the CEP – Failure to reimburse the candidate may cause the candidate to exceed limits on the provision of personal funds and render the committee ineligible to participate in the Citizens' Election Program.

If, however, a candidate who is seeking reimbursement for expenses is not paid in full by the committee, the amount can be forgiven by the candidate at any time, without any outstanding obligation owed to the candidate by the committee.

Candidates who intend to PARTICIPATE in the CEP – With respect to candidates who intend to participate in the CEP, remember that the failure to reimburse the candidate may cause the candidate to exceed the Program limits on the provision of personal funds and render the committee ineligible to participate in the CEP.

P. Expenses Incurred on Committee Credit Card

In Section P, report each expense paid with the committee-issued credit card by an authorized cardholder (i.e. treasurer or deputy treasurer). *Payments made using the committee debit card must be reported in Section N.*

Q. Expenses Incurred by Committee but Not Paid During this Period

In Section Q, separately report each expense **incurred but not paid** at the close of the reporting period covered by this statement. When uncertain of the exact amount of the expense, the treasurer should make a good faith estimate of the amount incurred. If there is an outstanding balance on a committee credit card, the outstanding amount must be reported in this section with the issuing institution as the creditor. A committee worker to whom the committee owes a reimbursement or payment for services rendered should also be reported in this section.

When a committee incurs an expense that benefits a different candidate or candidates, an indication must be made to identify if reimbursement is sought.

If a **candidate** forgives an outstanding expense which was made to his or her own candidate committee, proper reconciliation must be made as follows:

1. On line 29a of the Summary Page Totals, reflect the total amount of the outstanding expenses once the candidate has forgiven their portion; if the candidate is the only outstanding expense to the committee, this balance would be zero.
2. In Section O, “Campaign Expenses Paid by Candidate,” report the candidate’s name as payee and the amount which is forgiven and the date the expense(s) were forgiven as the date of payment.

Candidates who intend to PARTICIPATE in the CEP – A candidate who intends to participate in the CEP who forgives an outstanding expense which was made to benefit his or her own candidate committee will be deemed to have provided personal funds to the committee. Personal funds are strictly limited. Refer to the Commission’s website www.ct.gov/seec for more information.

Date Incurred: Record the date that the expense was incurred by the committee.

Q. Expenses Incurred by Committee but Not Paid During this Period *continued*

If the expenditure is made in cooperation or consultation with another candidate, the expenditure is considered “coordinated.” An unreimbursed “**coordinated expenditure**” is a prohibited In-Kind Contribution to the recipient committee, and must be reported as such by the recipient committee. If the committee making the coordinated expenditure is seeking reimbursement for that expense, then check that particular box. Reimbursement from the benefiting committee must be received within a reasonable time in order to avoid making a prohibited In-Kind Contribution. *The Commission has said 45 days is reasonable.*

R. Itemization of Reimbursements and Secondary Payees

In Section R, report each instance in which the treasurer or a committee worker or consultant pays a vendor for committee-related expenses with their own personal funds. Whether a committee writes a single check to reimburse an individual for combined expenses, or multiple checks to reimburse the individual for each expense, the committee must report **each expense** made by the committee worker or consultant separately.

Report the committee check used to actually reimburse the treasurer, committee worker or consultant in Section N “Expenses Paid by Committee.”

R. Itemization of Reimbursements and Secondary Payees *continued*

If the committee making the coordinated expenditure is seeking reimbursement for that expense, then check that particular box. Reimbursement from the benefiting committee must be received within a reasonable time in order to avoid making a prohibited In-Kind Contribution. *The Commission has said 45 days is reasonable.*

Expenditure #: *To be completed only when the expenditure is coordinated with another candidate for which reimbursement is sought.* Assign a unique Expenditure #, beginning with the number 0001 and continue sequentially. Each item should be reported separately, unless the committee transfers, distributes, or sells a multiple of the same item (i.e. 15 reams of paper).

Prior campaign assets such as lawn signs and campaign paraphernalia are not required to be reported and may be stored for use in future elections. As a general rule, a committee does not need to report the transfer or distribution of items that were originally purchased for less than \$50.

EXAMPLE: The Committee to Elect John Smith purchased a desk for their campaign headquarters for \$100. At the end of the campaign, the committee sold the desk to the Loomis Town Committee for \$75.

1. The original payment for the desk (\$100) by the Committee to Elect John Smith is recorded in **Section N**, "Expenses Paid by Committee" at the time of purchase.
2. The sale of the desk is reported in **Section S**, "Surplus Distribution of Equipment and Furniture" with the Loomis Town Committee reported as the Recipient (\$100).
3. The payment for the desk (\$75) by the Loomis Town Committee is reported in **Section I**, "Miscellaneous Monetary Receipts not Considered Contributions."
4. The proceeds from the sale of the desk are included in the Committee's surplus distribution in **Section N**, "Expenses Paid by Committee."

Name of Recipient, Street Address, City, State, and Zip Code: Enter the name and address of the individual or entity that received the asset.

EXPENDITURE CODE ADDENDUM

For use with Sections N, O, P, Q & R of the SEEC Form 30

Asterisk * adjacent to the left of the Expenditure Code indicates that Description Field is Mandatory

Warning: *The existence of a particular expenditure code does not mean that such expenditure is lawful. To determine lawfulness, treasurers must read the committee guide applicable to their type of committee or contact the State Elections Enforcement Commission at 860-256-2940.*

Advertising: Each expenditure code beginning with “A-” is to be used to identify the delivery method for paid advertising, which includes advertising to solicit committee funds. Include the costs for *both* the **development** and the **delivery** of the message. A payment to a professional consultant to develop a message should be coded to the main advertising delivery method below, *not* as **Professional Consultant (CNSLT)**, which is a code that should only be used when no other expenditure code applies. If a single advertising message is developed for several of the delivery mechanisms listed below, use **A-OTH** for the cost of developing the message and then use the applicable code for the payments associated with the several delivery methods used. **Please Note:** The one **exception** to this advertising rule is when advertising content includes, as part of the message, an invitation to individuals to attend a fundraising event in return for a contribution or attendance fee. **Fundraising Event** advertising must be coded **FNDR** (*see explanation below*) irrespective of the advertising delivery method.

A-DM: expenditure to **advertise** through **direct mail**.

A-MAG: expenditure to **advertise** through a **magazine**.

A-NEWS: expenditure to **advertise** through a **newspaper**.

A-ATM: expenditure to advertise using an **automated telephone/fax message**, or an **automated telemarketing message**.

A-PH-BNK: expenditure for the use of **phone banks**, where people are speaking as distinguished from pre-recorded messages (*above*) and polls and surveys (*below*).

A-RAD: expenditure to **advertise** on **radio**.

A-SIGN: expenditure for the cost of preparing, printing, producing or distributing lawn or billboard **signs** visible from any street or highway.

A-TV: expenditure to **advertise** on **television**.

***ATT:** expenditure for **attendance fee or entrance fee** for any person, such as to a charitable event or an educational course or training seminar. In the text box of the **Description Field**, which is **mandatory** under this expenditure category, identify the name and address of the individual who is attending the event as well as the date and location of the event and the name of the entity sponsoring the event.

BNK: expenditure to record any payment of **bank fees, interest charges, or penalties** assessed by the bank on the committee’s checking account only. Similar fees assessed by a credit card company should be reported under credit card charges in Section P of the SEEC Form 30, entitled “Expenses Incurred on Committee Credit Card.”

CCP: expenditure to record **any payment of the credit card bill**, including partial payments, finance charges, and mid-cycle payments. See Section P of the SEEC Form 30, entitled “Expenses Incurred on Committee Credit Card,” to record actual charges made against the credit card account, including any finance charges.

CEF: expenditure to record any payment to the State of Connecticut’s **Citizens’ Election Fund (CEF)**. **Checks should be made payable to the Citizens’ Election Fund and sent to the State Elections Enforcement Commission, 55 Farmington Ave, Hartford, CT 06108.** When a committee is distributing its surplus to the CEF, the surplus distribution (**SRPLS**) expenditure code should be used.

CHAR: expenditure for a payment of committee funds to a tax-exempt **charitable** organization [26 U.S. Code § 501(c)(3)]. When a committee is distributing its surplus to a charity, the surplus distribution (**SRPLS**) expenditure code should be used.

For use with Sections N, O, P, Q & R of the SEEC Form 30

Asterisk * adjacent to the left of the Expenditure Code indicates that **Description Field** is **Mandatory**

CNSLT: expenditure to a professional **consultant**. Professional consultants are individuals or entities that are paid by the committee as independent contractors for their professional advice. They are not salaried employees and they are not individuals who are serving the committee as volunteers. Examples: management firms, public relations firms, lawyers and accountants, etc. However, for payments to professional consultants who design polls and surveys, or advertising messages, use the more specific code (ex. **A-DM**, **A-OTHR**, **POLLS**). If the payment to a professional consultant includes costs paid or incurred to some other vendor, following completion of the entry of this expenditure, go immediately to Section R, "Itemization of Reimbursements to Committee Workers and Consultants," and follow the instructions for reporting of **Secondary Payees**.

CNTRB: expenditure that is a **contribution to another committee**. The expenditure of a committee's funds to make a contribution to another committee is to be distinguished from an expenditure of committee funds to **pay the other committee (POC)** for shared expenses. *See explanation of POC below.*

***EFV**: expenditure for **equipment, furniture, and vehicles**. Record only the portion of the cost that is actually paid. Cost includes any costs associated with the delivery or installation of the item. Equipment includes computers, printers, phones, etc. The text box of the **Description Field**, which is **mandatory** in this situation, must report the item, and whether the expenditure is a purchase, rental or lease. *Please Note*: Vehicles may only be leased and may not be purchased.

FOOD: expenditure paid directly to a vendor for food and beverage, **except** if the vendor is paid for these items in association with the committee's own sponsored **fundraiser** (*see FNDR below*) or the committee's own sponsored **inaugural event** (*see INAUG below*).

***FNDR**: expenditure associated with holding a committee **fundraising event** (i.e. payments to restaurants, hotels, caterers, food and beverage vendors, invitations, entertainers performing at the event, paid speakers, etc.). Advertising content that includes as part of the message invitations to individuals to attend a committee fundraising event in return for a contribution or attendance fee must be coded **FNDR** irrespective of the advertising delivery method. *Please Note*: This expenditure category **must not include** expenditures of the committee's funds for the **attendance fees (ATT) of any persons** attending another entity's fundraising event.

***GIFT**: record the purchase of any item that is to be given as a **gift** to any individual or entity. Gifts to committee workers are generally limited to an aggregate of \$100 per recipient. *For committees that have received a CEP grant, the limit is \$5 per recipient.* The text box of the **Description Field**, which is **mandatory** in this situation, must identify the item purchased as well as the name and address of the individual or entity who is the recipient of the committee's gift.

INAUG: expenditure relating to the committee's costs for hosting an **inaugural event** for the committee's own candidate. This code does not include expenditures by the committee for attendance fees of individuals to another committee's inaugural event, which must be coded as an **attendance fee** (*see ATT above*).

LOAN: expenditure to record the payment of the committee's **LOAN**, whether principal, interest or both. *Please Note*: Any penalties assessed for non-payment on a loan, if not paid by the payment due date, must be disclosed as additional "Expenses Incurred by Committee but not Paid During This Period" in Section Q of the SEEC Form 30.

OFFICE: expenditure for **office supplies** such as paper, pens, printer cartridges, etc.

PETTY: expenditure to replenish the committee's **petty cash fund**.

POC: expenditures to record a **payment to another committee** for a reimbursement of a shared expense. *Please Note*: The committee must reimburse the other committee within a reasonable amount of time to avoid it becoming an in-kind contribution. The Commission has said that a reimbursement received **within 45 days** of the date of the expenditure will not be considered an in-kind contribution.

POLLS: expenditure associated with **conducting polls and surveys**. This category is to be distinguished from phone banks (**A-PH-BNK**) because the information is not just delivered to the public but opinion is carefully being sought and collected from the public in some manner to produce a poll or survey result or report. If a professional consultant is both designing **and** conducting the poll or survey, use **POLLS** as the expenditure code, not **CNSLT** (*see above*).

POST: expenditure for **postage**, such as stamps, bulk mail permits, post office boxes and envelopes, United Parcel Service, Federal Express, etc.

EXPENDITURE CODE ADDENDUM**For use with Sections N, O, P, Q & R of the SEEC Form 30****Asterisk * adjacent to the left of the Expenditure Code indicates that Description Field is Mandatory**

This is when the cost of payment for something needed by the committee is advanced by the committee worker and reimbursement is sought. **Please Note:** the committee must reimburse within a reasonable time to avoid it becoming an in-kind contribution. The commission has said that reimbursement within 45 days of the expenditure will not be considered an in-kind contribution. After making payment to the worker or consultant, reporting this item also requires full reporting of the **Secondary Payees** appearing on the payment slip of the committee worker or consultant. Go immediately to Section R, "Itemization of Reimbursements to Committee Workers and Consultants," and follow the instructions for reporting of Secondary Payees. **Further Note:** When reimbursing the candidate, report the purchase in Section O of the SEEC Form 30, entitled "Campaign Expenses Paid by the Candidate."

TRVL: expenditure for an individual's **transportation** costs and **lodging** authorized by the treasurer, such as the cost of gasoline, other transportation fare, and lodging. The cost of **attending** any event should be coded as **attendance** (see **ATT** above) and **any separate payment** for **food** outside the cost of the attendance fee should be coded as **FOOD**.

WAGE: expenditure for **wages and benefits** paid to the committee's staff. This is to be distinguished from payments to professional consultants (**CNSLT**) who are independent contractors.

WEB: expenditure for accessing and having a presence on the **WEB**. This includes payments to develop or maintain: (a) a committee website; (b) an internet provider; (c) a domain name on the internet; (d) payments to a merchant account processor or a payment gateway provider to enable the committee to receive credit and debit card contributions over the internet; and (e) similar costs relating to use of the internet.
