

In-District Cities, Towns, Villages & Neighborhoods

Participating candidates for General Assembly must receive a minimum number of monetary contributions between \$5 and \$100 from individuals (including sole proprietorships) who reside within municipalities located, in whole or in part, in the district for which the candidate seeks legislative office. This means that even if only a small section of a particular city or town is in the district, candidates may still obtain “in-district” qualifying contributions from an individual residing anywhere in that city or town. Listed below are the cities, towns, villages and neighborhoods in each district.
