

STATE ELECTIONS ENFORCEMENT COMMISSION  
CONTRIBUTION LIMITS & RESTRICTIONS

CHART 1 - INDIVIDUALS AND COMMITTEES  
July 2025

**\*Notice:** This contribution chart reflects Public Act 25-26, which moves the CPI-based contribution adjustments, for General Assembly candidates participating in the Citizens' Election Program (CEP) in the 2026 election cycle by one month. The Act does not change the timing of adjustments for Statewide Office candidates participating in the CEP for the 2026 election cycle. Beginning with the 2030 election cycle, CPI adjustments for CEP-participating Statewide Office candidates will occur no later than December 15, 2026, and quadrennially thereafter. For General Assembly candidates participating in the CEP, adjustments will occur no later than December 15, 2025, and biennially thereafter. After December 2025, the adjusted amount will remain in effect until the new adjustments are made in December 2027. The State Elections Enforcement Commission will publish a revised contribution chart reflecting the updated limits once they become effective.

# STATE ELECTIONS ENFORCEMENT COMMISSION

## CONTRIBUTION LIMITS & RESTRICTIONS

### FOOTNOTES

<sup>1</sup> For special donor restrictions, see Chart 2.

<sup>2</sup> Contribution limits to **nonparticipating** statewide office and General Assembly, judge of probate and municipal candidate committees apply separately to primaries and elections. Contributions received on or before day of primary are counted toward primary; contributions received after primary are counted toward election. Candidate must compete in primary for separate primary limit to apply and in election for separate election limit to apply.

<sup>3</sup> Candidates participating in the voluntary Citizens' Election Program, which provides public financing to qualified candidates, agree to accept contributions only from individuals and only in amounts between \$5 and \$250 (which is adjusted periodically for CPI). For reference, the individual contribution limit was \$320 for the 2024 election cycle, \$290 for 2022, \$250 for 2018, and \$100 for the 2008 through 2014 cycles.

<sup>4</sup> Exploratory candidates who are considering participating in the CEP may begin raising potential qualifying contributions while in exploratory committee.

<sup>5</sup> Candidates in a primary for town committee member are not subject to contribution limits or restrictions set forth in Sections 9-611 to 9-620 of the Connecticut General Statutes, unless they have designated a town committee as their sole funding source (in which case, the contribution limits to a town committee apply).

<sup>6</sup> Individual contributions may only be made by members of the organization provided the organization has elected to fund its political committee from voluntary member contributions. If the organization elects to fund its political committee through the organization's treasury, then it may not receive contributions from individuals.

<sup>7</sup> Business entities, trade and professional associations, labor unions, and other organizations may contribute up to 10 cents per individual residing in the state or political subdivision in which such referendum question is to be voted upon.

<sup>8</sup> Limitations are subject to federal law.

<sup>9</sup> A communicator lobbyist is an individual who receives or agrees to receive \$3,000 or more in a calendar year for lobbying. The limits also apply to the spouse and dependent children of a communicator lobbyist.

<sup>10</sup> During any regular legislative session or during special sessions or vote-override sessions in odd-numbered years, such contributions are prohibited.

<sup>11</sup> Reduced limit applies to exploratory committee of a candidate considering Governor, Lt. Governor, Secretary of the State, Comptroller, Treasurer, Attorney General, State Senator and/or State Representative. For other offices, \$375 limitation applies.

<sup>12</sup> If state contractor has a contract valued at \$50,000 or more with the state or a single state or quasi-public agency in the **executive** branch, or separate contracts valued at \$100,000 or more in a calendar year with multiple state or quasi-public agencies in the executive branch, then its principals are prohibited from contributing to candidate or exploratory committees for the offices of Governor, Lt. Governor, Secretary of the State, Treasurer, Comptroller, or Attorney General and any political committee authorized to make contributions to such candidates. The prohibition also applies to the principals of any prospective contractor which submits a bid or proposal in response to an invitation or request by a state or quasi-public agency that is valued at \$50,000 or more while the bid or proposal is under consideration by the agency. If a state contractor has a contract valued at \$50,000 or more with the state or a single state or quasi-public agency in the **legislative** branch, or separate contracts valued together at \$100,000 or more in a calendar year with multiple state or quasi-public agencies in the legislative branch, then its principals are prohibited from contributing to candidate or exploratory committees for the offices of State Senator or State Representative or any political committee authorized to make contributions to any such candidates. Principals of state contractors or prospective state contractors are defined in Section 9-612(f)(1)(F) of the General Statutes and include spouse and dependent children eighteen years of age or older. **Candidates participating in the CEP cannot accept contributions from state contractors of either branch.**

<sup>13</sup> Prohibition applies if contract, bid or proposal is with **executive** branch agency and meets financial threshold. If contract, bid or proposal is with **legislative** branch, then principal may contribute to nonparticipating statewide office candidate and exploratory committees and political committees not authorized to spend on General Assembly candidates, subject to the same limits as any other individual.

<sup>14</sup> Prohibition applies if contract, bid or proposal is with **legislative** branch agency and meets financial threshold. If contract, bid or proposal is with **executive** branch agency or quasi-public agency, then principal may contribute to nonparticipating state senate or state representative candidate and exploratory committees and political committees not authorized to spend on statewide office candidates, subject to the same limits as any other individual.

<sup>15</sup> Candidates participating in the CEP may not receive contributions from either executive or legislative branch state contractors.

<sup>16</sup> Reduced limits apply to executive heads of executive branch and quasi-public agencies, their deputies, and other full-time officials and employees appointed by the Governor and/or in the unclassified service, as well as their spouse and dependent children.

<sup>17</sup> Reduced limit applies to a political committee established by a candidate for Governor or Lt. Governor; otherwise, the limit is \$1,000/year.

<sup>18</sup> Reduced limits apply to officials or employees of constitutional offices giving to a candidate running for the office in which such official or employee serves, as well as their spouse and dependent children.

<sup>19</sup> Reduced limit applies to a political committee which is established by a candidate for the office in which such official serves; otherwise, the limit is \$1,000/year.

<sup>20</sup> Reduced limits apply to members of a caucus staff for a major party in the General Assembly, as well as their spouse and dependent children.

<sup>21</sup> Reduced limit applies to a political committee which is established by a General Assembly candidate; otherwise, the limit is \$1,000/year.

<sup>22</sup> Reduced limit applies to a political committee established or controlled by a candidate for statewide office or General Assembly, and incumbents in such offices; otherwise, the limit is \$1,000/year.

<sup>23</sup> Prohibition applies to all political committees authorized to spend on statewide office and/or General Assembly candidates.

<sup>24</sup> Prohibition applies if contract, bid or proposal is with executive branch agency and meets financial threshold or if affiliated principal is a holder of a valid prequalification certificate from the Commissioner of Administrative Services and the recipient political committee is authorized to contribute to executive branch candidates. If contract, bid or proposal is with legislative branch, then principal (political committee) may contribute to candidate or exploratory committee of a statewide office candidate who is not participating, or to a political committee authorized to contribute to statewide office candidates subject to the same limits as any other political committee (\$375 for exploratory committee; \$2,000 for political committee). Participating candidates may not accept contributions from any political committees, regardless of whether it is a state contractor and with which branch.

<sup>25</sup> Prohibition applies if contract, bid or proposal is with legislative branch agency and meets financial threshold or if affiliated principal is a holder of a valid prequalification certificate from the Commissioner of Administrative Services and the recipient political committee is authorized to contribute to General Assembly candidates. If contract, bid or proposal is with executive branch agency or quasi-public agency, then principal (political committee) may contribute to candidate or exploratory committee of a General Assembly candidate who is not participating or to a political committee authorized to contribute to such candidates, subject to the same limits as any other political committee (\$375 for exploratory committee; \$2,000 for political committee). Participating candidates may not accept contributions from any political committees, regardless of whether it is a state contractor and with which branch.

<sup>26</sup> Reduced limit applies to political committee established or controlled by a candidate for Governor, Lt. Governor, Secretary of the State, Treasurer, Comptroller, Attorney General, State Senator or Representative; otherwise, the limit is \$2,000/year.

<sup>27</sup> Minor Child is defined as less than 18 years of age. For participating candidates, contributions from children under 12 are prohibited.

<sup>28</sup> During any regular legislature session or during special sessions or vote-override sessions in odd-numbered years, such contributions are prohibited if the recipient political committee is: (1) established for an assembly or senatorial district; (2) established by a member of the General Assembly or a State Officer or their agent, or in consultation with any member, officer or agent; or (3) controlled by such member, officer or agent to promote a General Assembly or Statewide Office candidate.
