Random Number Generator

Use the Random Number Generator to create a list of random numbers (up to 10,000 numbers), based on your specifications. The numbers you generate appear in the Random Number Table.

For help in using the Random Number Generator, read the Frequently-Asked Questions or review the Sample Problems.

- Enter a value in each of the first three text boxes.
- Indicate whether duplicate entries are allowed in the table.
- Click the **Calculate** button to create a table of random numbers.

How many random numbers? 5

Minimum value 1

Maximum value 5

Allow duplicate numbers False

Seed (optional) None

Calculate

Note: A seed value of "None" produces new random numbers with each computation. Any other setting produces the same random numbers, until the seed value is changed. The seed allows you to recreate the same random number table time after time.
